FOREWORD

We are happy to distribute a current list of the grain dealers and warehousemen licensed to operate in Montana.

May we call your attention to some of the major responsibilities imposed upon grain dealers and warehousemen by law.

1. Do not operate unless properly licensed and bonded as provided by Sec. 3-228. Send your bond and application for license early enough to be in effect by July 1, the beginning of the new license year.

2. Issue a "warehouse receipt" for each lot of grain received in one day and not paid for. All grain received from one owner during any one day may be construed as a single lot. (Regulation No. 4.) This is important.

3. Charge the legal rates for services listed in Sec. 3-208.

4. Buy on protein test basis unless the owner waives his right to such test by written "waiver."

5. Do not ship out of state grain covered by warehouse receipt except by approval of the holder of such warehouse receipt as indicated by signed "waiver." (Departmental regulation.) Use only the waiver form approved by the Department of Agriculture, copy of which may be had upon request.

6. Accurate and prompt reports — monthly and annual — are essential to the Department in the proper supervision according to law and are required by Sec. 3-227. We must insist upon receipt of these reports not later than the fifteenth of the following month. Failure to conform to this requirement will jeopardize the Grain Dealer's or Public Warehouseman's standing with the Department.

7. Be sure that forms used comply with the regulation of, and have been approved by, the Department of Agriculture.

8. Sections 3-201, 3-227, and 3-228 relate to the licensing and bonding of trucks and tractor-trailer units as "Grain Dealers" engaged in the business of buying grain for shipment or milling. Information, in regard to this type of operation, may be secured by writing the Department of Agriculture, Helena, Montana.

Commissioner of Agriculture

C. LOWELL PURDY

GRAIN DEALERS AND PUBLIC WAREHOUSEMEN
